Shivam Panjolia

LinkedIn: www.linkedin.com/in/shivam-panjolia
GitHub: github.com/LusmicSam
Email:shivampanjolia8@gmail.com
Mobile: +91-8580818588

Skills

- **Languages**: Python, C++, Java, C, SQL
- **Backend & Systems Engineering**: Flask, REST APIs, Networking, System Design Fundamentals
- **Cloud, DevOps & Infrastructure**: AWS (EC2, deployments), Docker, CI/CD, MySQL, Firebase, Supabase, IPFS
- **AI / ML & Research**: Low-Resource NLP, Machine Learning, OCR (Tesseract), Computer Vision, Reinforcement Learning (MORL), Model Optimization, MobileNetV2
- **Web & Application Development:** React, Next.js, Streamlit, HTML, CSS, JavaScript
- **Soft Skills:** Problem Solving, Adaptability, Persistence, Curiosity, Team Collaboration

Projects

- **Certificate Verification System (Security & Validation Pipeline)** |GitHub
  Built a multi-layer certificate verification system to ensure authenticity and tamper detection.
  - Integrated OCR (Tesseract) and template matching for text, logo, and signature validation
  - Enforced ML-based visual tampering detection using MobileNetV2
  - Used IPFS for decentralized storage and blockchain-based integrity verification
  - Developed backend services using Python and Flask

  Tech used: Python, Flask, OpenCV, Tesseract, TensorFlow, MobileNetV2, Solidity, IPFS
- **Distributed Ledger & Consensus System** |GitHub
  Designed and implemented a blockchain-inspired distributed ledger demonstrating peer-to-peer networking and consensus.
  - Applied Longest Chain Rule–based conflict resolution across distributed nodes
  - Built cryptographic wallets and transaction signing using ECDSA (SECP256k1)
  - Containerized services using Docker and automated checks via GitHub Actions

  Tech used: Python, Flask, Docker, GitHub Actions, Streamlit, Cryptography

Certificates / Certifications

- Oracle Cloud Infrastructure 2025 – DevOps Professional ORACLE — Oct'25
- Oracle Cloud Infrastructure 2025 – AI Foundations Associate ORACLE — Nov'25
- Cloud Computing Certification (IIT Kharagpur) by NPTEL — Apr'25
- Mobile Application Development using Flutter Cipher Schools — Jul'25
- Packet Switching Networks and Algorithms by Coursera — Nov'24

Activities, Leadership & Achievements

- Vice-President, Dynamic Vertos Club, Lovely Professional University — Feb'25
- Led technical initiatives and mentored junior members
- Organized technical workshops and Q&A sessions on systems, backend, and emerging technologies
- Participated in Republic of Cyber Sentinels Hackathon. — Mar'25
- Served as a volunteer for an NGO, contributing to Community Development. — Jul'24

Education

Lovely Professional University — Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; ***CGPA: 9.31*** — Since Aug' 23

MCM DAV Public School — Nurpur, Himachal Pradesh
Intermediate; ***Percentage: 92%*** — Apr'21 - Mar'22

MCM DAV Public School — Nurpur, Himachal Pradesh
Matriculation; ***Percentage: 96.2%*** — Apr'19 – Mar'20
